## INFORMATION AND INSTRUCTIONS

### GENERAL

Telephone lines are not safe for discussing classified information. In addition, calls going through the Redstone Arsenal switchboard can be monitored.

Every effort has been made to insure that this directory is as accurate as possible. Maintenance of this directory in an up-to-date form is up to you. Should your name, department, work phone, address, or home phone change, notify the Personnel Department immediately.

The Thiokol switchboard is open 24 hours a day, 7 days a week.

After consulting this directory, if further information is needed or for other business numbers of Thiokol personnel, dial 13.

Answer your phone promptly, giving both your name and department or organization.

In case of emergency, dial 17. Report emergencies immediately, think before talking, remain calm, report information fully, and repeat the message. See the second page of this directory for complete details and emergency numbers.

All specified digits must be dialed for completion of a call.
